

# — ONE 8 GRAVITY —

Spaces Unveiling Dreams

Like gravity holding the universe, we at One 8 Gravity unite all the elements to build your dream space.

We at One 8 Gravity believe:

- The answer is always simple.
- Every design should tell a unique story.
- Functionality and easy maintenance are essential for every space.

Beyond achieving aesthetic goals, every project should deliver a beautiful client experience. This is why we relentlessly pursue perfection at every stage.

## Mihir Jain | Principal Designer

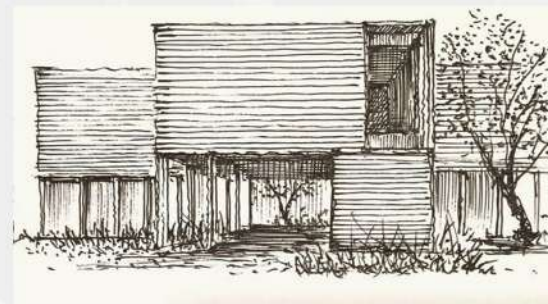

A person who's always passionate about believing and making things happen. He's an alumnus from IIT Roorkee. Before starting this firm, he worked on large scale projects with leading consulting design companies based in the USA.

## Anusha Paharia | Architect

The person which brings wealth of creativity, discipline, and perfectionism to every project. Anusha completed her architecture from SDPS, Indore & since then designed multiple spaces crafting functional yet aesthetically pleasing environments for the clients.

## Parth Tokekar | Senior Structural Engineer

The backbone of our team, he holds a Structural Engineering degree from SGSITS Indore and is passionate about designing durable and efficient structures. During his tenure at Walter P Moore in Pune, he designed numerous high-rise buildings, stadiums, and large-scale villas.
